

KHUSHAL KHAITAN

khaitankhushal28@gmail.com | 6202902237 | Chennai, Tamil Nadu | <https://not-khushal.vercel.app>

PROFILE

Frontend Developer skilled in HTML, CSS, JavaScript, ReactJS, and Figma. Experienced in building responsive, user-centric web applications across e-commerce, healthcare, and education sectors. Proficient in translating complex designs into intuitive interfaces with a focus on accessibility, performance, and cross-browser compatibility. Creative and technically adept, delivering visually engaging and functional solutions.

SKILLS

Languages — C | C++ | Python | JavaScript | ReactJS | HTML | CSS | TailwindCSS | SQL

Tools — Figma | FigJam | Canva | Wordpress | Wix | Framer | Git | Github | Vercel | Netlify

PROJECTS

Frontend Development

- Needed to **build user-friendly, responsive** web applications across industries like e-commerce, healthcare, and education.
- Applied HTML, CSS, JavaScript, ReactJS, Framer, and NextJS to develop **flexible, high-performance** web apps with desktop-first designs.
- Created **optimized, cross-browser compatible solutions** that **boosted user engagement and accessibility**, while enhancing overall site performance.

Award-Nominee Inspired Designs & Website Cloning

- Aspired to create **high-quality, visually engaging** web replicas of platforms like YouTube, Netflix, Spotify, and Tinder.
- Built fully functional clones with **responsive design, prioritizing user experience and seamless interaction**.
- **Enhanced technical proficiency in UI/UX**, resulting in award-nominated projects like TwoGoodCo, recognized for **creativity and advanced animations**.

Figma Designs

- Aimed to create visually clear, responsive dashboards and interfaces **optimized for both mobile and desktop use**.
- Designed intuitive, **user-friendly interfaces and data models** using Figma, focusing on mobile-first and responsive layouts.
- Produced refined prototypes with **enhanced accessibility and seamless user experiences** across various platforms, **improving usability and interaction**.

COURSES

Core Courses

- Operating systems, Data structures, Algorithm analysis, Automata, DBMS, OOPS, UI/UX

SDE Courses

- Agile Methodology, Spiral Modeling, Software Verification and Validation using automated tools, Software Modeling and Analysis, Software Maintenance, Software Quality Assurance

EDUCATION

SRM Institute of Science and Technology, B.Tech

Jul 2021 – present | Chennai, India

- **CGPA Achievement:** Maintained a **9.25 CGPA** throughout college.

The Pentecostal Assembly School, 12th Std. & 10th Std.

Bokaro, India

- **Class 12 Performance:** Achieved **78% marks** in Class 12.
- **Class 10 Performance:** Achieved **79% marks** in Class 10.
