Khushal Khaitan

khaitankhushal28@gmail.com | 6202902237 | Chennai, Tamil Nadu

PROFILE

Creative frontend developer skilled in HTML, CSS, JavaScript, ReactJS, Figma, and Microsoft BI. Expert in translating designs into seamless user experiences with a focus on data visualization. A detail-oriented approach, combined with a hobby of sketching and doodling, adds a unique artistic touch to digital projects, ensuring visually appealing and user-friendly interfaces.

SKILLS

Languages
C, C++, Python, JavaScript, ReactJS, NextJS, Framer, Node

Development Tools
Wordpress, Wix, Git

Design Tools
Figma, FigJam, Canva

Database Management
SQL, MongoDb

PROJECTS

Frontend Development
- Utilized HTML, CSS, JavaScript, ReactJS, Framer, and NextJS for flexible, user-centric designs.
- Designed flexible, responsive layouts that ensure optimal performance across all devices and screen sizes.
- Developed responsive web apps for e-commerce, education, healthcare, cab booking, and restaurants.

Award-Nominee Inspired Designs & Website Cloning
- Created functional replicas of YouTube, Netflix,Spotify and Tinder, refining skills in responsive design and user experience.
- Built award-nominated websites like TwoGoodCo from scratch, meeting top industry standards in creativity and animations.

Figma Design
- Created intuitive dashboards, user-friendly interfaces, and data models with a focus on responsive layouts and mobile/desktop-first design.
- Developed prototypes and refined user experiences, emphasizing accessibility and seamless interaction across various platforms.

Microsoft BI & Data Visualization Expertise
- Created dynamic dashboards, data visualizations, and reports, transforming complex datasets into actionable insights.
- Developed custom KPIs, automated reports, and interactive visuals, optimizing data models for improved performance and strategic decision-making.

COURSES

Core Courses
Operating systems, Data structures, Algorithm analysis, Computer networks, Automata, DBMS, OOPS, COA, UI/UX

SDE Cores
Agile Methodology, Spiral Modeling, Software Verfication and Validation using automated tools, Software Modeling and Analysis, Software Maintenance, Software Quality Assurance

EDUCATION

SRM Institute of Science and Technology, *B.Tech*   Jul 2021 – Jul 2025 | Chennai, India
- **CGPA Achievement**: Maintained a 9.25 CGPA throughout college.

The Pentecostal Assembly School, *12th Std. & 10th Std.*   Bokaro, India
- **Class 12 Performance**: Achieved 78% marks in Class 12.
- **Class 10 Performance**: Achieved 79% marks in Class 10.
